HOME GROWN® TOMATO, VEGETABLE & HERB FERTILIZER

PERFECTING DR. EARTH®

The pulse of our company comes from our position at the very heart of innovation. Innovations become our guiding lights. We value them and what they stand for. When you love a brand, you follow it into new places to fuel progressive growth and positive change that benefits everyone. Innovation is the engine of Dr. Earth®, and we ensure that it is always viable throughout our enterprise. We understand and value the high-energy green & natural movement. Our hard work and vision has contributed to its incredible growth. As we make great investments in our future and the future of pure & natural, we welcome progressive gardeners to join us.

Please always buy American products. -Owner, Milo

FERTILIZER TEA

FOR A RICH LIQUID MIXTURE OF DR. EARTH'S HOME GROWN®, mix 2 pounds, or 5 cups for every 5 gallons of water. Let the mixture set for 24 hours. Strain well and mulch all the solids around the root zone. The liquid portion (tea) can be applied at 1 to 2 cups for shrubs, or 2 to 4 cups for larger plants. Use full strength to foliar feed & for deep root feeding of all plants.

COMPOST STARTER

Dr. Earth® Home Grown® may also be used to speed up your compost pile.

Please enjoy our other high-performing products. We hand craft a variety of blended fertilizers, soils and insect sprays. For more information visit www.drearth.com

Always mix fertilizer with the soil for maximum results

Dr. Earth, Co. is not responsible for the use or misuse of this product. Liability is limited to replacement of equivalent amount of Dr. Earth® Home Grown® Tomato, Vegetable & Herb Fertilizer ONLY.

ITEM #704P

PEOPLE & PET SAFE: THE DR. EARTH® PLEDGE

Please see the Dr. Earth® Pledge on our front label under "People & Pet Safe." Our products are considered people and pet safe because we do not use ingredients such as biosolids, chicken manure, composted household waste, or synthetic chemicals which can potentially bring additional health risks to your garden. We will never use any ingredients that might cheapen the integrity of our products.

TRUBIOTIC® FOR SOILS

TruBiotic® is a broad spectrum biological soil inoculant designed to bring life to all soil types in backyard gardens or in container plants.

TOMATOES, PEPPERS & HERBS

NEW PLANTINGS:

During garden preparation, mix in 1 1/3 cups per 10 sq. feet of growing area, or 6 cups per 50 feet of planting row. **FOR CONTAINERS:** Use 1/2 cup per 1/2 cubic foot. (approx. 5 gallons) of potting soil. Mix with the soil and water thoroughly.

ESTABLISHED PLANTS:

Use 1 cup per 10 sq. feet of growing area, or 3 cups for every 50 feet of row. **FOR CONTAINERS:** Mix 1/4 cup per 5 gallons of potting medium. Work in gently and water thoroughly.

WHEN TO APPLY:

Every 2 months throughout the growing season.

EGGPLANT, CORN, BEANS, CUCUMBER, LETTUCES, BROCCOLI

NEW PLANTINGS:

During garden preparation, mix 1 1/2 cups per 10 sq. feet of growing area, or 8 cups per 50 ft. of row. **FOR CONTAINERS:** Mix 1/4 cup per 1/2 cubic foot (approx. 5 gallons) of potting soil. Mix with soil and water thoroughly.

ESTABLISHED PLANTS:

Use 1 1/2 cups per 10 sq. feet of growing area, or 8 cups for every 50 ft. of row. **FOR CONTAINERS:** Mix 1/4 cup per 1/2 cubic ft. (approx. 5 gallons) of potting medium. Work in gently and water thoroughly.

WHEN TO APPLY:

Every other month throughout the growing season.

CARROTS, ONIONS, POTATOES, BEETS, ETC.

NEW PLANTINGS:

Before you plant, add 1 1/2 cups per 10 sq. feet of growing area, or 8 cups per 50 linear feet of planting row. Till to a depth of 6 to 12 inches and water thoroughly.

ESTABLISHED PLANTS:

Top dress your root crops by using 3/4 of a cup per 10 sq. feet of growing area, or 4 cups per 50 feet of row. Work in gently and water thoroughly.

WHEN TO APPLY:

Every 2 months throughout the growing season. Note: Do not feed carrots mid-season.
