

SHAKE WELL BEFORE USING (AGITE BIEN ANTES DE USAR)

STOP READ ENTIRE LABEL BEFORE USE.

ALTO LEA TODA LA ETIQUETA ANTES DE USAR.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions • For surface spray. Do not allow adults, children or pets to enter the treated area until sprays have dried. • Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. • For space spray. Do not allow adults, children or pets to enter until vapors, mists and aerosols have dispersed, and the treated area has been thoroughly ventilated. • Do not remain in treated area. Exit area immediately and remain outside the treated area until aerosols, vapors, and/or mists have dispersed. • Do not wet plants to point of runoff or drip. • Do not wet articles to point of runoff or drip. Do not use treated article until spray has dried. • Dry clean treated clothes before wearing. • Not for broadcast use on indoor residential surfaces. • Do not water the treated area at the point of runoff. • Do not make applications during rain.

All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:

1. Treatment to soil or vegetation around structures. 2. Applications to lawns, turf and other vegetation.
- All outdoor applications to impermeable surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors and eaves) are limited to spot and crack-and-crevice applications only. Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur.
- Do not allow the product to enter any drain during or after application. • Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food-processing equipment and food-preparation surfaces, or wash them before use. Remove pets and birds and cover fish aquariums before spraying. Vacate room after treatment and ventilate before re-entering. • Do not allow children or pets to contact treated areas until surfaces are dry.

SHAKE WELL BEFORE USING • Hold up right and spray from a distance of 12-15 inches.

INDOORS • FLYING INSECTS: Houseflies, Fruit Flies, Mosquitoes, Wasps, Hornets, Yellowjackets, Gnats, Skipper Flies and Small Flying Moths: Spray windows, window and door frames, and other indoor surfaces where these insects may land. Close all doors and windows and spray upward into center of room with a slow, sweeping motion. Spray 5-10 seconds for average room, moving toward the door. Direct spray at all parts of the room, especially windows and other light sources that attract these insects. Keep nozzle in constant motion. Leave room and keep area closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and discard fallen insects. • CRAWLING INSECTS: Cockroaches, Waterbugs, Palmetto Bugs, Silverfish, Firebrats, Crickets, Spiders, Scorpions, Millipedes, Centipedes, Sowbugs, Stink Bugs, Boxelder Bugs and Pillbugs: Spray in hiding places such as cracks and crevices, behind sinks, cabinets, along baseboards and floors, around drains and plumbing, hitting insects with spray whenever possible. • Ants**, including Carpenter Ants: Spray trails, nests and points of entry. Spray on walls where possible. • Carpet Beetles: Spray directly on beetles, floors, baseboards, shelves and carpet. To Control Clothes Moths and Carpet Beetles: wool and other protective fabrics: Remove infested articles from storage, brush thoroughly, and air for several hours in sunlight, if possible. Apply spray for 5-10 seconds to empty chests, closets, bureaus and other storage areas directing the spray into cracks, joints and crevices. After airing, infested articles may be treated by spraying lightly, keeping nozzle at least 3' from fabric to avoid staining. • Fleas, Ticks (Adults and Larvae): Remove and thoroughly clean dry pet bedding. Spray pet sleeping areas, bed, entire floor and floor covering, paying special attention to cracks and crevices around bedsheets, and window and door frames. Infested upholstered furniture and mattresses may also be treated with this product. A test application should be made to upholstery or drapery fabrics in an inconspicuous place before use. • OUTDOORS: Point nozzle away from face. Hold can at slight downward angle. For best results, spray when air is calm. Allow a few minutes for product to take effect. Spray with wind if breeze is blowing. • FLYING INSECTS: Flies, Mosquitoes, Wasps, Hornets, Yellowjackets, Gnats and Small Flying Moths: Allow to dry over area. Direct spray toward bushes or grass from at least 4-6 ft away. Give special attention to breeding areas such as garbage cans and compost piles. • CRAWLING INSECTS: Ants**, including Carpenter Ants, Cockroaches, Crickets, Mole Crickets, Centipedes, Stink Bugs, Boxelder Bugs and Silverfish: Spray infested surface of patio or picnic area, hitting as many insects as possible. Also spray legs of tables and chairs to repel ants. Spray ant hills for best control.

** Excluding fire ants and pharaoh ants.

STORAGE AND DISPOSAL

Pesticide Storage: Store in a cool, dry area. Do not transport or store below 32°F. Pesticide Disposal and Container

Handling: Do Not Puncture or Incinerate. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if inhaled. Avoid breathing vapor or spray mist. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, and chewing gum or using tobacco. Remove and wash contaminated clothing before reuse.

FIRST AID • If Inhaled: Move person to fresh air. If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a Poison Control Center or doctor for further treatment advice. • If On Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice. • Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

Environmental Hazards: This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Drift and runoff may be hazardous to fish in water adjacent to treated areas. See Directions for Use for additional precautions and requirements. • This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treated area.

Physical or Chemical Hazards: Content under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not use this product in or on electrical equipment due to the potential of shock hazard.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions. Questions & Comments? Call 1-800-917-5438 or visit our website at www.spectracide.com
